

## HAIR BRANDS AND PRODUCTS THAT CAUSE HAIR LOSS (OR IN LAWSUITS BECAUSE OF IT)

#### **Dry Shampoos** have been noted to cause cancer and hairloss.

Flat irons also do that and keratin or Brazilian blowouts also cause hair loss because they use formaldehyde

## Unilever **TRESemmé** keratin shampoo and conditioners

Several people have reported hair loss and serious scalp burns after using TRESemmé keratin products with DMDM hydantoin. Classaction lawsuits have been filed in different states against Unilever for these products. And Unilever (which recalled the product in question) settled a previous, similar lawsuit.

A <u>class-action lawsuit</u> has been filed against Johnson & Johnson for their OGX shampoo and several other hair products. Many people have reported hair loss and scalp irritation from using OGX products containing DMDM hydantoin.

**Straight Arrow Products** Mane 'n Tail shampoo & conditioners

People have reported scalp irritation and hair loss (including bald patches) after using Mane 'n Tail products with DMDM hydantoin. A class-action lawsuit has been filed against Straight Arrow Products for using formaldehyde releasers in several of its products.

# WEN hair products

Many people <u>reported</u> hair loss after using certain WEN hair

products. Class-action lawsuits were filed against the manufacturers of WEN, and a <u>settlement</u> was reached. The FDA had previously launched <u>an investigation</u> into these products. It's not known which specific ingredients potentially caused these reactions, and the investigation is ongoing.

## DevaCurl hair

#### products

Several lawsuits <u>alleged</u> that certain DevaCurl products

caused hair loss, scalp irritation, and hair breakage. These lawsuits have been <u>combined</u> and mediation has started. Learning about other people's experiences with specific products can be informative, but keep in mind that certain ingredients may affect people differently. And remember that a <u>settlement</u> doesn't mean that a company admitted their product was at fault.
